FAITH COMMUNITY NURSING

Widener University School of Nursing is offering the Westberg Institute for Faith Community Nursing's Foundations of Faith Community Nursing Program for registered nurses who are interested in learning more about the specialty of faith community nursing and how to establish or enhance these ministries in their own faith communities (churches, mosques, synagogues).

The asynchronous 36.5 hour online program will open on Feb. 5 and close on May 18, 2024. Dr. Donna Callaghan, PhD, RN-BC, CNE, Professor of Nursing at Widener and certified Faith Community Nurse, will facilitate the program. The program consists of 15 modules that require from 1 – 4 hours to complete on a weekly basis. Registered nurses who complete the program will receive 36.5 PDC hours through Widener University School of Nursing, an ANCC-approved PDC provider.
